**NATURAL GAS [Guide #115]**

A fact sheet on the above materials can be found in Appendix 1 of this manual.

TEXAS EASTERN TRANSMISSION CORPORATION, LP

## **Emergency Response Capabilities**

### **COMMITMENT**

Texas Eastern Transmission LP is committed to the protection of the public and the environment through the safe operation and maintenance of its pipeline systems. Texas Eastern's qualified personnel are trained in emergency response activities and regularly participate in drills and exercises reflecting various types of response levels, emergency scenarios, topographic terrain and environmental sensitivities.

Texas Eastern has committed the necessary resources to fully prepare and implement its emergency response plans and has obtained through contract the necessary private personnel and equipment to respond, to the maximum extent practicable, to a "worst case" discharge or substantial threat of such a discharge.

### **COMMUNICATIONS**

Texas Eastern utilizes its 24-hour Pipeline Control Center (1-800-231-7794) as a hub of communications in emergency response situations. The Control Center has a vast catalog of resources and capabilities. On-site communications are conducted using cellular telephones, 6GigHz analog 120 channel microwave radios (in Company vehicles), portable Motorola Radios and/or land-line telephone systems from Company facilities and offices.

### **INCIDENT COMMAND SYSTEM**

Texas Eastern utilizes an expandable Incident Command System. Depending upon the size and complexity of an incident, additional Company or contract personnel may be added as needed. Additional federal, state or local agencies may be integrated into the Incident Command System by utilizing a Unified Command Structure.

### **SPILL RESPONSE EQUIPMENT**

Texas Eastern maintains emergency response trailers and equipment at strategically located facilities. Trailers contain spill boom (of various types, sizes and lengths as needed in different areas), sorbent materials, boats, motors, hand tools, power tools, pumps, hoses, personal protective equipment, first aid and miscellaneous supplies

### **OIL SPILL CONTRACTORS**

Certified Oil Spill Response Organizations (OSROs) under contract by Texas Eastern are Garner Environmental Services, Inc. and Eagle Construction & Environmental Services. These OSROs can be relied upon for an appropriate level of response with spill response equipment and trained personnel.
